# FIELD PARK MASTER PLAN 2014

# SITE ANALYSIS & SELECTION

- Architect looked at how this building best fit the park
- He originally look at more of an N/S, but judges suggested angling, so the glass wall looked more into the park versus the parking lot and reduced impact on the berm
- Focus was on access and accessibility

# Site Review

- Result of Oct 23 Meeting Staff Tasks to look at alternate locations
- Architect provided five options based on design of building
- Staff reviewed all five options based on:
  - Accessibility
  - Tree Removal
  - Berm Impact
- Staff determined that #1 and #4 were the preferred options
- Staff elected not to explore #3 and #5 based on tree impact and accessibility

- Berm
- Trees
- Picnic Pavillion
- Accessibility
- Safety
- Traffic
- Sightlines
- Playground
- Green Space
- Sports Lighting

# COMMUNITY FEEDBACK
